Dear [REDACTED],

You could send the check directly to me. My address is:

[REDACTED]

[REDACTED]

[REDACTED] also works with me and her phone number is [REDACTED] (backup).

I have already sent word to a neighbor of David's in Ambunti to expect an order.

I do need to make sure you understand that these are not shields. They are panels made from the flattened bottom end of a sago palm frond. They are quite light and much more fragile than a wood shield. I would be happy to send you, free of charge, an old beat-up (and disposable) panel to confirm that we are all on the same page.

Thanks

Hi [REDACTED],

I just wanted to confirm we would like 40 shields made similar to the ones in the photo which are on exhibition at the Metropolitan Museum in New York. Brian had sent me some examples of a few shields which a certain "David" had made which my client really liked. I am happy to send you a check for \$1000 as a deposit. Should I send it directly to you, or should I send it to Brian? Many thanks for your help,

[REDACTED]
