Hi [redacted]

Clearly it is the right look for Zorro and possibly used to hang something else, but for the life of me I cannot think of anywhere with lions heads. I will review my Zorro photos and see if something stands out

Do you think these could possibly be at Zorro?

Hi [redacted] I think the hangers were lions heads with a hanging chain in its mouth .I think the shields were shipped from 71 st street to Zorro and were sent back to 71st maybe? I would also check zorro . I checked all over 71st street in the 2nd floor living room wood book case cabinets , 5 th floor storage areas , C level storage areas. NO LUCK .The problem we have is so many different staff organizing and throwing out rubbish from storage closets every few weeks Its hard to keep track of things !!
