Hi [REDACTED],

Nice seeing you yesterday. We carry two grades of Thassos Polished A1 Select (cleanest) and A2 Standard. We carry A1 in various field sizes which can be seen in the DSP attached. We carry Thassos A2 in 12x24.

I've attached two lot photos for your review. Thassos A1 Select Lot 071718 and Thassos A2 Lot 37333

If you have a photo of your client's bathroom I'm happy to look at it to see if I can identify the stone being used.

Feel free to contact me with any questions.

Thanks,
Molly
