Dear Ezequiel,

This is Karyna. Thank you very much for helping us at the showroom yesterday.

As discussed, we would like to work with your design team for the project in the Caribbean and the outdoor furniture in Palm Beach.

Would it be possible for a designer to come see the outdoor area in a Palm Beach residence this Tuesday at 8am?

They can then fly with us privately to the Caribbean residence that morning and come back commercial The same day or Wednesday. The other alternative would be to fly from Miami commercial Tuesday or Wednesday and come back the same day or next day commercial.

All the expenses would be covered from our side of course.

Please advice.

Thank you very much!

Karyna
