Hi [REDACTED],

Are we staining the floors in 10F country white also? Also the building is paying for the installation of the floor and I guess you are paying for the staining country white, so I have attached the bill for this without the bedroom. Also I have attached th bill for apt # 10B.

Thanks

Colette

Andrew agrees that it's OK to go ahead and at least start pulling up the floor today so it can dry out. We will try and sort out the rest between us and let you know how to proceed

Hi [REDACTED],

I have attached a new proposal without the bedroom. The rest of the flooring has to come up as it is really damaged and is starting to separate and if not taken care of mold will start to appear. Let me know what you want us to do when you speak to Andrew. We will not start anything there until I hear from you .

Thanks

Colette

I'm waiting to hear back from Andrew, the super, to confirm the building will be taking care of the cost of repairs since I'm guessing it was a structural issue that caused the leak.

It seems quite expensive to replace the current flooring. Is there perhaps a different alternative that would be less expensive; a different type of wood flooring perhaps?

Also, the bedroom doesn't need to be done in this apt..we will be carpeting it.

Shall we start ripping up more of the floor in 10F it would be good to take it up today that way it would dry out more over the weekend.

to  
me.

Kevin is in the city today so he is going to drop by and look at apt 10F today so I will get back to you later.

Thanks

Thanks..

Has Andrew Lasso, the super intendant for the building gotten in touch with you regarding working on the floors in 10F? We had some issues in the flooring there where there was a leak and it caused the floor to swell with huge mounds, so they had to remove alot of the flooring to flatten it down again. It's a bit of a mess. That's the apt we want worked on next after 10B and I asked Andrew to schedule this with you and just wanted to see if he has?

60 sq ft of flooring needs to be replaced. I have attached the new proposal with the repair and also the baseboard that we had spoken about previously. Can you let me know if it is ok to proceed with this repair.

Thanks
