---

Hi Karen,

We are not doing recessed mount cabinets and do not need to touch the walls. Instead each bathroom will have a surface mount mirror cabinet and a light above. All the cabinets and lights have been delivered to Palm Beach. Below are the links for the products.

medicine cabinets x 4: [REDACTED]

[ie=UTF8&psc=1](#)

side mirror kit x 4: [REDACTED]

[ie=UTF8&psc=1](#)

lights x 4: [REDACTED]

The hardware for the cabanas have matte finish, so the cabinets knobs/pulls should have a similar look. I have two samples, that we will need to test.

Reference furniture from Pinto, I do not have the list. I will ask Rich if he could forward, will copy you on that email.

Thank you,

Karyna

Good Morning Karyna

Can you please advise what was the final plan for the cabana bathrooms

Are we jack hammering out the walls in Cabanas for mirror install, this will be a change order, a weeks work or perhaps more depending on what we find

Also if you wish to move forward with Chrome knobs in master bathroom, you will need to purchase more.

Reference furniture arriving from Pinto, could you please forward a list of what is coming, as I will need to find a location to store items - needing to know how much space we will need

Thanks

Warmest regards

Karen
