Morning Karyna  
Reference curtains in Cabanas we need to know the following  
Estimated time that it will take to install curtains?  
Are they providing rods or are we using what you purchased from Pottery Barn?  
If using what we have on site I assume we will  
Not install until Pinto on site so they can work on correct height for what they have  
We will be moving furniture into Cabanas next week so need details from Jean at Pinto  
Please advise  
Thanks

Hi [REDACTED]  
Jeffrey asked to let you know that Jean from Pinto's office has curtain makers for LSJ cabanas. They will need to come on site at some point.  
Thank you.  
Karyna
