Dear Grace,
I sent US\$250 yesterday. Thank you again so much for getting this done. I have given Paul the info to pick it up.
Best

Hi Lesley,

I just came back from TNT. I have paid for the Package. Just inform Paul that the consignment No. is GE734848262WW. I forgot his phone number, so I did not include it on the receipt. So he should just use the consignment number to pick up the permits from TNT Wewak.

Cheers!

Gracey

Dear Grace,

It is a public holiday today I will send \$100 into your account tomorrow.

Thanks so much for getting this done.

Best

Hi Lesley,

I have just viewed the images and prepared the permits for Andrew's signature and Mr. Greh. In the Board of Trustees last meeting last year, they have changed policies and now we have two nominee's signing the permits. So as soon as I get them both sign the permits, I will get to TNT and get the necessary costings for sending the permits to Paul asap. But if you think I should just go ahead and get them to TNT then here is my account particulars - Account Name: Grace Vele, Bank: Bank South Pacific, Branch: Waigani, Account #: [REDACTED].

Ta,

Grace

Dear Grace,

Here is what I sent to Andrew.

Thanks and I hope you are feeling better soon.

Lesley

Dear Andrew,

Congratulations on coming through all the mess that has been happening. I

EFTA00550687

hope this election goes smoothly and the nastiness gets resolved. I don't know the details but it seems that Sir Michael was treated poorly with lack of respect and grace.

I have been trying to get 40 Kwoma pungal from Ambunti for nearly a year for a client who fell in love with the Haus Boi at the Met. Museum in New York.

They are at last in Wewak and I attach photographs for a permit to export them. They are going to go airfreight to the client in Florida.

Two shields were also made for National Geographic who are mounting an exhibit on Bird of Paradise in September and wanted two large shields for the entrance way. As they are to be shipped separately I would like to get two separate permits.

My brother Paul is building plywood crates for the pieces ready to go. I have been threatened with a law suit if I don't deliver them by June 30 as it has taken so long. I would appreciate your early attention.

Best

Lesley
