Hi Andrew.. I know you spoke with PC Richards regarding the install of appliances and cert of insurance. We will now be doing install on Wed. for 2G, 8H and 11B. We will be replacing all appliances; fridge, stove, microwave and dishwasher. I want to confirm Penn's guys can take down the upper cabinet above the fridges in these 3 apts so we can fit the fridge. Is it best for them to do this tomorrow or Wed morning first thing? I don't know what time PC richards is coming yet on Wed.
