Hi Merwin and Leo,

A new rug(and a rug pad) for 10F bedroom should be delivered this Wednesday. Please add to your calendar to have it placed this week.

Please note: the rug pad should be cut so that it is one inch shorter than an area rug from all sides (see the illustration below).

Thank you.

How to Size Your Rug Pad

To prevent tripping and to allow the rug to taper to the floor, make sure the rug pad is about an inch shorter than the area rug from all sides.
