Good day, Karyna,

We have searched CustULess, the storage containers, and storage at GSJ. We have not located the curtain rods.

I remember Karen using some curtain rods on GSJ, but noting that they were not sturdy enough to handle the weight of the curtains. I observed one installed at GSJ that was starting to give a bit in the middle.

Would you consider one of the following options?

1. Reorder the same curtain rods, have them shipped to New York, and put on the plane if they arrive on time.
2. Locate different, more sturdy curtain rods to be brought down on the plane.
3. Paint the black Pinto rods white and hang them instead.
