Bathroom walls is 220 sf with extra already and floor is 35sf also with extra. Are you in the building if I can measure something at the shower and if we can meet before you leave.

Hi Penn. they have installed my shower head in the wrong place. I have marked on the ceiling where it should be. This will require them to remove one of the lights in the shower.

thank you.

I will be choosing new bathroom tiles tomorrow. How much will I need so I can make sure they have enough stock?
