Hi [REDACTED]

We actually found a good Great Dane breeder in South Florida, but the pups were located in North Carolina,. We [REDACTED] was visiting in NC, the breeder said you have to purchase the pups before they'll show them, it sounded bazaar,. Not sure if [REDACTED] was able to view, we certainly need to locate another breeder,. I heard there was a Great Dane rescue in Jupiter FL, close to me, if you could locate and I can view, that would be helpful.

Thx

Larry

JE is asking where we are with the great danes... Or a collie (as he called it: Big, dumb Lassie...) ? I'll look at rescue options too.
