Any input on sending this stuff to Zorro? I'd like to get it arranged this week.

JE mentioned again before he left that I should organize for the storage items at 71st to be sent to Zorro. These are the items we have on 6th floor.. The red couch and leather chair could be good options? I should get the leather chair recovered though before sending out I think, or else have it recovered there. I know we sent a few of the tall lamps which are in the last photo to LSJ I think? Maybe we should send these 2 to LSJ as well?

The mattress is a full size which goes with the white bed frame(which you can see reflected in the mirror) which matches the white dresser, 2 side tables, desk and floor mirror. We also have 3 or 4 more of those glass top desks which chrome legs which we sent to LSJ; [REDACTED] do you know how many of those desks we have for sure?
