Hi [REDACTED],

I have the plans. There is an additional 6'10" X 4'6" area opposite side of the fireplace. Does the carpet go into this area?

Just checking in. After measuring the dining room is the amount of carpet needed the same as on the original quote for this carpet? Want to make sure it's the same amount needed so we can proceed with the order. Thanks

Hi [REDACTED],

We'll send a measurer Tuesday to measure between 11am-1pm. Please confirm that this works.

Thanks,

Hi Kim,

Thank you for this updated quote. I'm wondering if you could have someone come over to the house to do a proper measure of the room before we submit this order for production? If I remember correctly, I don't think anyone has measured the room, but we were just going off of the floor plans. Is it possible to set up a measurement this week, then we can finalize the order?

Thank you!

Hi Rich,

Rich, we value your business. I know you are frustrated with our pricing and with Marc not responding to your emails. I have asked him to call you and apologies to you for this. I understand he has been in discussion with the mill to find out why our price is higher- it shouldn't be.

Marc leaves for Nepal this Friday and I will make sure he discusses expediting this order with our production manager.

I have worked very successfully with [REDACTED] over the past seven years, and value Jeffrey's business. In these difficult times, we cannot afford to lose a very good customer through bad service and miscommunication.

Please call me if you have any other questions.
