Hi Karyna

It was a pleasure to see you and Jeffrey on Sunday it was very helpful his input and I have been giving thought and putting things together unfortunately I am crazy this week I have Linda PINTO in town and a lot of appointments we have a dinner at the editor of El Decor this evening and then she is leaving tomorrow but I did take a meeting with a mill from Italy at Hyland who actually showed me the perfect fabric for Jeffries bathroom lounge I am waiting for a sample and I would like to get his approval so we can make it in white also I would like his approval on color of a fabric for walls from both guestrooms one is a vanilla as he stated and the other is in a very soothing gray b raquatel that I wove for a job in Chicago where the light on the lake is very clear it is really sumptuous I will get samples of both I have the Wallpaper invoice and Camano is moving along with the sixth floor I hope you are both well and I will be in touch the beginning of next week and see what your schedule is and how I can get things to you

Best always

Steve

Also I have the pencil sculptures for table base and consul on hold and we will speak about trying it in the space
