Came to Berlin to meet bp, crazier than ever, something seems really messed up with him, "seems" being an understatement. I know you would be, but be careful with him. He slipped earlier and said "that's why I'm friends with Jeffrey because I need him to..." I said "what?" straight away and he realised what he had said and how I caught it he was talking about building the dollar 2.0 which he obv needs you for. When I look at him, it's sad, like he just uses people, you can't tell from one word to the next what's real and what's completely fabricated.
