Hey [REDACTED].. I sent you a link to a drop box folder entitled "[REDACTED]" It has three parts to the photo which JE is now thinking for the middle canvas in the main stairwell. I divided the photo into 3 parts, each being 44" wide(since that's the widest our Epson will print) Would you be able to print the 3 pieces and tape them together and tape up on the wall for him to see? Rich B can help tape it up. He wanted to see it really big and that's the only way to do it is to print in 3 big parts..

Let me know that you got the link OK.. thanks
