thanks darling.

not surprised on the [REDACTED] front

Sent you a text about JE's iphone.. I ordered it online at the same time as mine, but it looks like they cancelled his for some reason, but mine just arrived. I'm not sure what happened but I'm stressing out now cause I told him his would be arriving soon. I thought it had also shipped, but it turned out only to be mine. I'm trying to order again online but it's not letting me. If you could go in person to Apple store or AT&T store and try and get him a black iphone 5 64GB. The billing zip on account is 10021 and the last 4 digits of his social security is [REDACTED].. and obviously you know his cell number [REDACTED]. Sorry to ask you to do this on top of everything else.
