Hi [REDACTED],

We are in the process of writing your order and have a question regarding your refrigerator, we had talked at one point about having your ref. paneled but the model # you provided is for the Sub Zero Classic stainless steel model which cannot have custom cabinet panels applied to it. In addition to this the unit cannot be installed as a flush inset application (meaning it sits flush with the cabinetry around it) as we have discussed as well. Please let us know what you had in mind for this.

Thank you,  
Tabitha
