All is fine, I can tell he is a little edgy today, nothing major but I can feel it. Tonight we have 5 people for dinner. Mark Lloyd and Lars are staying here. They were out and just came back and went to their rooms and he is having a massage!! I tried to coax them into the living room for a drink but Mark was adamant he needed a shower. So I am sure it will all be my fault ;) Stupid place for a massage room!

[REDACTED] arrives tonight at 8pm, Alex will fetch her.

Canceled Ukraine. [REDACTED] did not see one nice girl there and she was at fashion week. I have been telling Jeffrey that from an objective point of view (not due to my general dislike for anything Ukrainian ;) all the girls we have met from Ukraine look haggard. He has finally said I am correct and [REDACTED] says it is due to the large amount of factories in the area and pollution. She says she cant stay there for more than a week and her hair starts to fall out. [REDACTED] says a lot of bad skin and Dr Magnani would have had a heart attack had he been there.

JE did have a possible idea of going to Sweden but he has told me to tell Barbro we will know more tomorrow.

Have heard nothing of Africa

How are things in NY?
