---

Neither Christie's or Sotheby's was interested in the Syrian pearl furniture. I contacted 3 local auction houses in Palm Beach area recommended by Christies and only one came back with estimates from the photos. See below...(I could have them go look at them in storage, but not sure estimates would change much... a different place in PB went to look at them in person and weren't interested and said they aren't worth much)  
Would you like me to proceed with sending this furniture to Zorro?
