I have spoken to Megan at the Chicago Park Hyatt and **confirmed** your stay (suite and connecting room)
I have asked her to put a **fan** in the room and I will be sending your **boppy** with you.
Larry has organized a car from the airport to the hotel. I google mapped it and asked the hotel and both have said it is an approximately 25 - 30 minute drive.

The **Neuro Consortium is at a different location**, the Hyatt Center, 71 South Wacker Drive. The hotel has told me that it is a **10 minute taxi drive** and taxis are readily available at the hotel.
[REDACTED] please make sure that JE has his ID on him for the consortium. He uses his drivers license as ID which is in his wallet in his black bag.

Your **food bag** will be packed with all your favorite things, a french press and a shaker and fresh mint for the ginger :)
