Below are images that I had previously sent regarding paintwork that needs to get done in the Paris apartment. Maybe you can take a look on this trip. This is the corridor between the chinese room and the massage room

Ceiling in corridors outside China Room.

I will also send you images of other areas that are deteriorating.

Valdson says he can get a quote from people who have worked with him before and says he thinks it might be a good thing to get done before you return in August.
