Hi [REDACTED],  
Glad to hear that all is well with you. Same here. Lots of Dior, lots of traveling. Was in NY for a minute, and have no plans to come over these days.  
Do not quite understand the Audrey photograph project. Can you send me a pic to see?  
Keep in touch and be well.  
My best to you and B

> HI Doris! I hope all is well with you! Brian and I have a friend who does paintings of people in a pop art style and we wanted to commission her to make a painting of a photo of Audrey Hepburn. We were wondering if you might have a photo of her you'd be willing to share with us to have the painting based off of to make it a completely unique piece!
