

Soho House Membership committee:

I have known Brian for 7+ years. I believe that Brian would be a great member for Soho House as he brings a global experience to the club. Brian's career as a NASCAR driver takes him around the country and around the world to compete with other top drivers in the sport. In addition to his demanding NASCAR schedule Brian was invited to drive in the prestigious 2012 Le Mans endurance race. When Brian started his racing career in 2003 he was the youngest champion in NASCAR. When off the track Brian spends his time traveling and loves to entertain and spend time with his family and friends in Charlotte, New York, Florida and California.
