The warehouse did confirm this is fabric.

I need your contact at Nobilis to complete the attached form so I can prepare the EEI for Wednesday's sailing.

Thank you for choosing Tropical

Subject: [REDACTED], Brice - BOL10638642 - January 24, 2013

Greetings Patrice,

Regarding the cargo received under BOL #10638642 - shipper listed as SDV USA, INC - is it possible that the cargo is not a rug, but rather a bolt of fabric? We are expecting a delivery of 25 yards of fabric, which we presume would come on a roll, and because of the quantity, may be bulky.

If that is what the cargo is, please find attached the invoice for it. Let me know.

Thank you and kind regards, Daphne
