---

Hey Becky! Was soo good seeing you guys!! I just wanted to let you know in the closet on the right in the master bedroom there are extra sheets, pillows and towels. (In case you want the kids to sleep on the couch; there will be enough room for both of them if the additional section shows up today!)

Also, I just realized there is a Playboy magazine on the lower shelf of the bedside table closest to the bathroom that I [REDACTED] want the kids to accidentally find if you want to hide that away or toss it! (I didn't buy it btw..we were at the Delano for dinner one night and they were having a Playboy event so I took one of the mags home. Just wanted to clarify ;-)

Can't wait to see you guys again very soon! You two are so awesome and your kids are amazing. If I ever have kids one day, I'm coming to you for parenting advice! Xo
