Hey [REDACTED].

My cell isn't working because the bill wasn't paid. Bella just paid it tonight, but it's still not working. I was just checking if your cell is working or not since yours and JE's phone are on the same account as mine. Bella is on the train right now and will call AT&T when she gets home to sort it out. If you are with JE can you pls let him know?(in case his phone isn't working) thanks..
