JE said that you and Igor have all the tools to have trimmed the hedges yourselves and that the hedges by the water were not done.

So I guess for next time, if the gardeners have not been able to do a proper job before a JE visit, then you and Igor should try and trim the hedges best you can.

Thanks..

The only things I can say that since July 2010 have not driven Mercedes and checking tires escaped my mind. There are 4 bikes in the A/C room next to the garage always ready to be used. Those in the garage are rarely used and somehow pay less attention but can be inflate in minutes. From now on all of them will be ready.

Instead of coming once a week to maintain service, they are here every 2 weeks., Doing heavy work every 2 months, now they are here every 3 -4 months. Even they complain that this spread is to long between each visit.
