Thanks. I'm ordering the suede now. They are telling me it will come in 5-6 separate pieces, approx 14-16 square feet in each pelt. Will this be an issue with it not all in one piece?

The RGA approval sheet should have had the exact amount to send. Since this leather doesn't have a pattern then you could reference the yardage in the pricer. [sometimes more yardage is required with the chair depending on the pattern, and the factory will let us know on the RGA]

The designer is shipping 90 square feet, 5 yards of this leather, will that suffice for this chair?
