That is great, thank you so much [REDACTED]! We will have a studio apartment 11P ready for you. The door code is 1001.

I apologize, that the curtain divider is unfinished on one side, they made it open the wrong way and are fixing it now, but the window curtains are there.

We all look forward to seeing you and working with you again!!

Safe travels tomorrow!

Hi [REDACTED],

Thank you!

You are right, arrival on the 2nd would be better, so that you could be at 71st on the 3rd... if that is ok with you?

Thanks a lot!

Hi [REDACTED]

Sorry for keeping you waiting with an answer. Mr. Epstein had some changes in his schedule and is asking if it would be possible for you to arrive on October 3rd instead and stay until the 9th please?

Thank you!

Hi [REDACTED],

No worries, I make mistakes with the "help" of auto-spell all the time!

Thank you so much for agreeing to help us!

I asked Mr. Epstein today about the return date for you, he would still need to confirm that... I will get back to you about that as soon as he gives me the answer.

Thank you very much!

Hi [REDACTED]

Yes, had a great time away

Happy to help if I can. Based on our last conversation I would come in on the October 5th return back to NM Oct 13th, does the return date still work? If so I will book tickets today

Warmest regards

Hi [REDACTED]!

I hope you are well and enjoyed the time with your family!

As we spoke last time I saw you, Mr. Epstein would still like for you to come to New York on October 5th if possible please. Would that timing be ok for you?

The new couple, Carluz and Arlene, are arriving this Sunday and are going to start working. Mr. Epstein and I thought it would be very helpful for them to meet you and hear what you have to say about the house from your perspective as a manager. So this wouldn't be so much about helping reorganize the spaces, although we still have a lot to do on that part, but more with helping to set up the right work objectives and responsibilities for the new couple and for the rest of the team, at least as a start. Your advice would be very valuable for all of us!

Please let me know if this works for you.

Thank you very much!

Best regards,

Karyna
