---

Thanks [REDACTED]. I've attached my master list which has some more things we need to add to the Purchase only list like the following:

For Chill Room, we need a piece of furniture to cover the wires and conduit cords coming out of the wall  
Peachy gold fabric to cover the extension pole on chandelier(I've ordered a bunch of samples of this fabric to look at on site)

Art for the chill room walls

A new flat screen TV with wall mount for Chill room

Fabric to cover the movie room chairs with(JE to see the dark blue Nobilis fabric on site)

A collection of something to fill the book shelves in the movie room

Napkins and flatware for flag pool kitchen

The measurement for the rugs for master dressing area is 4'x3', so technically they aren't square  
Also, you said he doesn't like the lamps in room 2?? the blue ones from Paris? Is this accurate?
