Dear Asako san,

Warm greetings from New York!

How have you been?

I hope the preparations for the Pritzker price are going well and still leave you some time for yourself:)

I also hope the weather in Tokyo has been more spring like for you, then here in New York, as we have been having some snow days recently! March is always full of surprises that way:)

I was also wondering if by any chance you have been in touch with Shinbo sensei or somebody else from the school? If it is not too much trouble, may I ask you to please give her my email address, I would like to write to her some time... I know it has to be done through the school first, so if they would not allow, I understand of course.

As I mentioned to Koga san, the first day I came back to New York from Japan, I was in a taxi, and the taxi driver was so anxious of the traffic, as soon as the light would turn green he would honk to the car in front of us and yell to the driver: "Wake up, move!". This is New York:)

With that said, I of course enjoy being home, but I do think of Japan a lot:)

I hope you had the most pleasant weekend and wish you a successful week ahead at work!

Warmest regards!

Karyna
