I agree Blanca is amazing as a person and as a professional housekeeper, you can trust her 100%. It's a great news that she will be able to provide her service to us in a regular basis. It is very hard to find a cleaner like her who would do her job so deliberately and genuinely and [REDACTED] is the one who put me and Karyna in touch with her so thank you so much babe for doing this for US!

and yes I remember she just had a babe so we will make sure to treat her well and kindly! ;)

Hi Karyna,

Thank you so much! Yes as soon as possible would be great as my apt need an urgent cleaning as well;) Is she cleaning tomorrow morning? if I have to let her in I would probably prefer morning because I usually leave by 10 am and come back very late by midnight. Thank you

Hi girls,

We are now going to have Blanca to clean our apartments once a week. I need to give her the schedule that she would follow every week. Does any of you have any preferences for days/time? Please let me know ASAP, because she starts tomorrow.

Thank you!
