Hi Leo and Merwin,

The new bedding will be delivered to the house today from 2 places. In total there will be 3 sets of sheets and duvet covers in king size, as well as 1 down alternative comforter. Please set up the comforter in the pink room. The sheets will have to be cleaned first. The blue set will be for the master bedroom on 3, the white sets will be for pink and blue rooms on 4.

FYI: these sheets are very very expensive and have to be handled with great care. I will get the cleaning instructions and send you separately.

Thank you,  
Karyna
