Hi Ana,

I need you to communicate with me each step that is being done with the GSJ storage please and send me pictures. What are the guys working on right now? Did Mr. Epstein advice on where to install the staff bathroom? All the purchased for that storage should be reviewed with me before you buy them.

Regarding the LSJ housekeeping renovation, I also need to see pictures please. What is being done there at the moment?

Thank you,  
Karyna.
