Thank you! Please email me once the order is shipped with tracking number.
Thank you!
Karyna.

Hi Karyna,

Apologies for the belated response.
Thanks for your interest in my work and for your order of x3 Beach Ball Lights.

The Beach Ball Lights for USA are especially made with US supplied UL listed transformers and are exclusively 12V Dc.

The transformers supplied are wall socket transformers and have a 1m cable with 2.1mm jack socket, and also a 5m extension cable is supplied.
So they can hang on a long cable and the power supply is either visible or hidden behind in the ceiling.
However each has its own power supply like a phone charger.

As this part of the product is sourced to order I will need around 10 working days before I can dispatch these.

I hope this timing works for you.
Please let me know so I can get these ordered, and also let me know if you need any further product information.

Best regards
Toby
