---

Good Morning [REDACTED]  
I may have found some info, will look at it all in detail tonight  
Fingers crossed maybe it will be helpful  
All the best  
Karen

Evening [REDACTED]  
Good to hear from you, let me see what I can locate, the problem I have is that all the plans/files that I had set up in the Decal Building have all been moved and noting that only cabana 4 was the cabana that was added to the original footprint  
Unlikely there is much information on 1,2 and 3  
But will check it all out and get back to you as soon as I can  
Warmest regards  
Karen

Dear Karen,

Please see below. I am looking for floorplans and elevations of the guest cabanas if you think that any exist!! Alternatively, I would need to get measurements to create CAD plans. The measurements would need to be quite detailed, including all doors, door trim, etc. For elevations I would need heights of walls, doors, and where the molding is above the door. Perhaps writing them on photos would be easiest?

It would need to be Cabana 1, 2 and 4 as I take it 3 would be the mirror version of 2.

Thank you and please let me know if I should draw any sketches of anything I need or if it would be helpful to call you about it.

Warmest regards and I hope that everything is going as well as is feasible during this time on LSJ.

May I ask Karen for proper measurements of cabanas and doors and moulding and ceiling incline in case you need me to do drawings at some point.
