We have this at 71st on the 5th floor. We don't have a use for it as now we will be putting the giant TV from LSJ in the same room and this is too small for TV stand for that TV. Do you think it could be nice for chill room TV console? It's hammered looking wood with white leather front drawers and doors. It's 67" wide, 19" deep and 34" tall
