Hi Sandy.. resending this email as I know you've had issues in the past receiving my emails. Please let me know if you get this and if the artwork is acceptable. I made it in photoshop, so it's a psd file that I made. Thanks.

I would like to order 250 of the attached notepad in size 8x10. If my client likes them, then I will order the other 2 sizes. Please let me know how to proceed with payment and what the lead time will be.

Thank you!

Hi Sandy,

I just returned from traveling and I have reviewed the samples you sent. Are they all the same type and weight of paper? All the samples seem the same except for one of the smaller samples which has a bit of a rougher texture to the paper. Regardless, I'd like to order some notepads from you in the 3 sizes below. Could you please send me basic pricing for these sizes? I'm working on the artwork for them now. Thanks for your help!

Hi Sandy,

I just spoke to you on the phone regarding custom size scratch pads. The ones I currently have which I wish to duplicate are the 3 following sizes:

4"x6"

5.5" x 8.5"

8" x10"

All of them bound on the top vertically

The printed image would be one or two colors only.

Could you please send a sample pad to me at:

Thank you!
