I have gotten a rough estimate to replace the basement flooring with Armstrong black and white checkered sheet vinyl flooring. To do the hallway and catering kitchen for material and installation would be about \$4800. This excludes the laundry room. (I'm going off the sizing from a quote I found in Doug's papers when the current flooring was installed in 1996; it only included the hallway and kitchen which is 1100 sq.feet) I have included photos of the hall, kitchen and laundry room. If you would like to have it changed out, I can schedule them to come do a proper measure and give a final quote.

Here is the link to the Armstrong sheet vinyl as well as photo at bottom of email.
