---

Thank you for your order Dr Shuliak. My team will enter it tomorrow and I will update you on the anticipated delivery date.

Best regards,  
Bob

Hello Robert,  
Please find attached the form with the required information put in.  
Please let me know if you have any questions and confirm when the device is shipped.  
Thank you very much,  
Dr. Shuliak

Good Afternoon Doctor,

Attached is a purchase order form and terms and conditions. I will need you to complete the areas that I have highlighted. If the credit card address is different than the shipping address please include both addresses where indicated. I am not sure if as a dentist, you have a NPI number. If not, just your State registration number will be fine. Once you complete and sign the form, please fax it back to me at 866-745-8356 or email at this address. Once I receive the agreement back, I will have the order entered into our system, your card will be charged and the device will be shipped within 24 hours, and delivered within 3-5 business days. Our training department will then call you to set up a training call to teach you how to use the device.

Thank you very much for your order! I hope you and your family have a wonderful Thanksgiving. Feel free to call me at any time if you have any questions.

Best regards,  
Bob

Hello Mr. Sass,

I would like to go ahead and order the ECG device.

Please advice how to proceed..

Thank you,

Dr. Shuliak

Hi Dr. Shuliak,

Thank you for your interest in smartheart, the world's first, hospital grade 12 lead ECG device that has been cleared by the FDA for both professional and patient use. Smartheart leverages the technology of any Apple or Android smartphone or tablet. The unique belt design eliminates the need for stick on electrodes and special skin preparation. All one needs to do is wet the skin in the areas the belt or the two probes come in contact with the skin. It takes less than 2 minutes to complete the ECG. You may send the ECG to any physician either through the app or through a secure online portal.

I have included a PDF rendering of our brochure as well as our user manual to provide additional insight. The price for the device is \$1,225.00 plus \$24.50 shipping and handling. To order the device all you need to do is give me a call, I will take your credit card information and the device will be delivered within 3-5 business days. We will then set up an approximate 40 minute training session via the phone and you will be operational immediately following.

Please feel free to reach out to me via my cell phone at any time 860-798-4784.

Thank you for your interest.

Best regards,

Bob Sass
