 **PETLINK - INTERNATIONAL PET DIRECTORY**

Dear Karyna Shuliak,

Welcome to PetLink! We're so glad that you had Blueberry microchipped and that you have completed registering Blueberry's microchip with the PetLink Registry and Recovery Service. Now that you and Blueberry are part of the PetLink family, we'll do everything we can to ensure that Blueberry is quickly returned to you if lost.

Reuniting you with Blueberry is our number one priority, but we can't do it without your help. Please look for our email reminders to update or confirm your contact information so that we always know how to reach you when needed. If your contact information changes, you can update it at any time at <http://www.petlink.net/us> under your profile or your pet's profile.

Your PetLink registration entitles you to the following benefits:

- 24/7/365 access to the PetLink Recovery Hotline
- Free Lost Pet Posters, complete with your pet's photo
- Encouraging Together Again stories, where pet owners just like you talk about their experiences with PetLink's reunification service
- Useful tips and offers
- Travel tips and recommendations for domestic and international travel with your pet
- Unlimited access to <http://www.petlink.net/us>

As an added safeguard for you and Blueberry, consider adding a PetLink Collar Tag to Blueberry's collar. With the PetLink Collar Tag, your personal information - name, address and phone number - are securely stored in PetLink, away from would-be criminals. But the PetLink Collar Tag alerts everyone at-a-glance that Blueberry has an electronic identification microchip, and can help speed Blueberry's chance of getting scanned and returned to you if lost.

Visit <http://www.petlinkstore.net> to purchase Blueberry a PetLink Collar Tag today.

We hope you and Blueberry never need the PetLink Recovery Service, but if you do, rest assured that we will do our best to reunite you and Blueberry as quickly as possible.

If you have any questions about PetLink, please feel free to email us at petlink@petlink.net.

Sincerely,

The PetLink Team
