It's so bad that I'm only now realizing it's missing, but I think it went down on the plane sometime towards the end of July. Yikes!

I believe it went down with a bunch of the LSJ monogrammed duffle bags full of misc. stuff like extra JE robes, small ironing boards for the rooms, those orange paper lanterns, a bamboo rug, etc. It would have been around the same time that we sent the big shipment of items from 71st that included the gray desk and blue and silver chairs.

Hope this helps some?

After talking to Larry and Jojo, Jojo said he remembers dropping the lamp off at the plane, and Larry remembers unloading the lamp in St. Thomas. He says it's highly possible it even went on the heli upon arrival. It was quite heavy and wrapped in a dark blue moving blanket. That was what Larry remembered about it; the moving blanket and the weight of it.

If you could do some investigating on your end, that would be great. Thank you!

This lamp was at 71st, but the last I saw of it, it was wrapped up in the basement of 71st to be taken down to the island on JE's plane, but this was several trips ago. I haven't seen it since at either location. Anyone seen it?
