Dear Sirs,

I Dr, Eva Dubin, at the Dubin breast care center at Mount Sinai Hospital in New York City , have consulted with the doctors for [REDACTED]. She has had a radical mastectomy in the last ten days. I have urged her to come to our breast center where her chemotherapy program may be fully evaluated. As she is in a weakened condition, it would be advantageous for her to be accompanied by Mr [REDACTED]. She will need assistance during flight as well as during what could be a few weeks of debilitating chemo. We intend and have been paid in advance to perform all necessary test, potential treatments and a reconstruction of her left breast .

Any further documentation that you may need to issue her a medical visa as soon as possible will be delivered as soon as possible. Thank you in advance and if there are any questions please email me .
