Subject: Fwd: [cdm-2015] Intro to Clinic Orientation Week Event
Date: Thu, 15 May 2014 16:09:46 +0000

Hey everyone,

I sent a message a while back (forwarded below for your viewing pleasure) about an intro to clinic help session that ASDA mentorship is organizing for the D2 class. That event is scheduled for Tues, June 24th, from 9-11 AM, during the 2nd year clinic orientation week. Now that we have our summer schedules (!), if anyone is free on that date and is interested in helping out, please sign up! We need anywhere from 8-10 volunteers (though the more, the merrier) as we are planning to divide up the D2 class into small groups and show them around the clinic (see message below for more details). Alternatively, if you are unable to volunteer due to a schedule conflict, please take your name off the google doc so we have an accurate representation of who will be there that day. I'm re-attaching the google doc to this message as well.

Thanks again, and good luck with OS studying!

Scott

Hi all,

Hope everyone had a relaxing spring break! I know this is a while off, but the ASDA mentorship committee is holding one final event for the current D2s--an intro to clinic session that will be occurring during the second year's clinic orientation week in June. The tentative date and time is Tues, June 24th, from 9-11 AM. We are looking for volunteers to help lead the 2nd years around the clinic, to show them how to set up the chairs, where supplies are located, how to navigate axium, what to do on day one of clinic, etc (we will provide more details/guidance as to what the responsibilities are as the event draws closer, but they are far from onerous, I promise!)... I know we don't have our summer clinic schedules yet, but if you have any interest in helping out, please sign up on the google doc below!

The plan is to split them up into groups of 8-10, so the more the merrier in terms of helpers! Thanks in advance!

Scott
