I will know in a few hours. Most probably there won't be any at all. Just running castings today so thought there might be some tmw... So you can count on me but would be great to have someone near just in case.

> I will need your help tomorrow please, there will be 2 deliveries for apt.8H between 8:00am and 1:15pm(separate time for each). I need someone of you to be at the building and open the apartment for delivery people. The doorcode for 8H is [REDACTED]. I left [REDACTED] and [REDACTED] phones and apt. numbers with the doorman as contact people, and also [REDACTED] phone in case there will be any issues with other two. Could you please confirm if you guys can do it?
