ADDITIONAL INFORMATION

Important Note: Previously two erasable note boards, two low-odor fine tip dry erase markers, and an eraser were provided to you by test center staff for your examination. However, sites are in the process of receiving new markers. These new markers are of better quality but they cannot be erased with an eraser. Therefore, sites will not be supplying you with an eraser. If you fill the two note boards and require additional note boards, please raise your hand and inform the test center administrator. The test center administrator will exchange one of your used note boards with a new note board. This change has not occurred at all sites yet but will be implemented within the next few months.
