Hi Karina,

You are so funny! I slept good but had dreams of being chased by dinosaurs in outer space. :)

It would be great if we could meet tomorrow night but I won't be able to. We should try next weekend or, if you are free during the week we could go to dinner.

Have a fun time with your friends in New Jersey! Let me know if you are available next week, ok?

Jeremy

Hey, Jeremy! How you doing? How was you sleeping after the dinosaures?))

You know, I'm going to visit our friends in New Jersey this weekend, so if you want, we could meet this Thursday or Friday for example. What do you think?
